

**Gloucestershire Local History Association**  
**Members' Forum: Monday 9<sup>th</sup> March 2026**  
**Treasurer's Report**

This report should be read in conjunction with the accompanying Statement of Accounts for the eleven months ending on 28 February 2026.

At the last Members' Forum, in December 2025, I presented the accounts for the seven months ending on 31 October 2025. In the four months since then income has increased by £10 to £1,010 for the year to date, with the receipt of a membership subscription, and expenditure has increased by £130 to £651 for the year to date, including £78 for the Forum held in December, £19 from the renewal of the BALH annual subscription for 2026 (being the apportioned amount relating to the final quarter of our current financial year) and £33 for secretarial expenses.

In December we welcomed a new member, Hucclecote and Brockworth Local History Group, which increased the Association's membership to 54 groups.

As at 28 February 2026 the Association's funds had increased by £359 since the start of the current financial year to a total of £3,333.
